REHABILITATION OF MOBILE HOMES

A **mobile home** is defined as a residential structure built before June 15, 1976, on a permanent chassis, capable of being transported in one or more sections and is installed on a foundation system and connected to on-site utilities. The foundation system may or may not be a permanent foundation. Mobile homes do not include recreational vehicles, HUD manufactured homes (built on or after June 15, 1976 to the HUD code), or factory-built buildings (also known as modular homes).

Arizona Revised Statutes 41-4008 requires that mobile homes that are moved from one mobile home park in this state to another mobile home park in this state, and mobile homes entering the state be rehabilitated for the safety of the home and its occupants. Rehabilitation is required prior to moving the mobile home from the existing mobile home park, except for mobile homes moving into this state which are required to be rehabilitated once they arrive to a site in this state.

Please verify the local zoning requirements with the city, town or county BEFORE planning to relocate a mobile home. Some local jurisdictions have requirements that exceed the state requirements; some local jurisdictions do not allow mobile homes.

The cost of rehabilitating a mobile home may be reimburse to the owner of the mobile home if the household income of the owner of the mobile home is at or below 100% of the current federal poverty guidelines published annually by the United States Department of Health and Human Services.

REHABILITATION PERMIT

The Department of Housing issues all Rehabilitation Permits. Local jurisdiction (city, towns, counties) require planning and zoning permits prior to installing a mobile home.
